- Opening Remarks (Councilpersons)
- Project Description (Middough and C.O.C. Engineering)
- Construction Phasing and Maintenance of Traffic (Middough and C.O.C. Engineering)
- Project Funding and Schedule (C. O.C. Engineering)
- Question and Answers (Councilpersons)
- Closing Remarks (Councilpersons)
- Plan Viewing

Project Contact: Frank Keehl, P.E., (Project Manager):   Office (216) 664-2256

Agencies to be represented:
- City of Cleveland - Division of Engineering & Construction
- Cleveland Public Power
- Cuyahoga County Engineers
- Middough, Inc. – Design Consultant
- Stockyard, Clark-Fulton & Brooklyn Centre Community Development Office

<u>Project Limits</u>:
- Denison Avenue from Ridge Road to State Route 176 (Jennings Freeway)
- West 62nd Street from Barberton Road to Denison Avenue

<u>Purpose of the Meeting</u>:
The purpose of this meeting is to present the Denison Avenue Utility Upgrade and Repaving Project plans to the public, and to gather public input on that plan.

<u>Project Work Scope</u>:
- A new CPP duct bank is to be installed underground along Denison Avenue from W62nd to SR176, Jennings Freeway and along West 62nd Street from the railroad property south of Barberton Avenue to Denison Avenue.
- Associated utility facility relocation.
- Pavement base repairs.
- Pavement resurfacing.
- Repair of curb, sidewalk and driveways, where necessary.
- Replacement of existing catch basins, where necessary.
- Installation of ADA compliant ramps at all intersections.
- Placement of pavement markings, including bike lane study.

<u>Maintenance of Traffic</u>:
- Project will start at west end and work eastward in three phases.
- Vehicular and pedestrian traffic will be maintained during construction.
- Traffic will be maintained to all businesses and residences.
- One way traffic will be maintained at all times along Denison.
- Detour routes will be provided for traffic travelling in the direction of the closed lanes.

<u>Why</u>:
Once input is received, we will complete the Construction Plans. There will be another public meeting, once a private contractor is hired by the City to construct the project, just before construction begins.

<u>Project Construction Costs and Funding Sources</u>:

- Cleveland Public Power $6,000,000
- City of Cleveland $800,000
- Cuyahoga County $800,000

<u>Project Schedule</u>:
- Design Completion   March, 2013
- Bid/Award/Public Meeting   April, 2013 to May 2013
- Construction   May, 2013 to November 2014
