

Did You Know?

A coal-burning power plant is polluting our neighborhood and endangering our health!

Concerned? Speak Up!

WHAT: Public hearing on the Medical Center Company's request to renew their power plant operating permit

WHEN: Tuesday, August 10th, 4:30PM-6:30PM

WHERE: MLK Branch, Cleveland Public Library, 1962 Stokes Blvd (west of CWRU off Euclid)

WHO: The EPA, you, and all your neighbors!

WHY: Make your voice heard – we can move beyond coal and protect our families and property

Get Involved!

The Medical Center Company Steam Plant:

Powers University Circle

- Runs a coal-burning power plant built in 1932
- Provides steam to local non-profits:
University Hospitals, Case Western, Cleveland Museum of Art, Church of the Covenant, Musical Arts Association, Cleveland Botanical Garden, Cleveland Hearing and Speech Center, Cleveland Medical Library Association, Cleveland Institute of Art, & Severance Hall
- Has access to leading research and technology

Pollutes the Community

- Operates near houses, schools, and hospitals in an already polluted area
- Causes asthma, heart disease, mercury contamination, and premature death, and is especially damaging to kids and the elderly
- Pollutes our air with 5,000 tons of SO₂, NO_x, CO, and particulate matter each year
- Lowers our property values

Help create clean energy solutions!

- Attend the hearing August 10
- Sign up online - sierraclub.org/coal/oh
